

St Basils Catholic Primary School, Widnes

498m² New high performance roof

Project Description

St Basil's Catholic Primary is a Voluntary Aided School which is situated in the Hough Green area to the west of the town of Widnes, it had become necessary to replace the roof.

The main objectives of the project were to thermally upgrade the insulation and to provide a long term, high performance roof.

All the work needed to be completed within the 6 week school holiday so there would be no disruptions.

Solution and Installation

IKO were the chosen manufacturer due to their expert surveying practises and guaranteed products.

Before the work to the roof was started an old water tank had to be removed. This didn't stop the project being completed on time to a very good standard by the contractor leaving both the client and the school with a well insulated and water tight building.

Contractor: G Cooper Roofing Limited

Client: Concept Education Services
