

# Seamless Waterproofing Solutions

IKO are happy to present a new CDP that will cover design considerations using Cold Applied Waterproofing System Solutions covering the following;

- Applications
- Complex Detailing
- New Build and Refurbishment
- Sustainability
- Fully bonded, seamless application
- Systems available for roofs, balconies, walkways and cladding refurbishment

IKO Ireland is part of the IKO Group of Companies, a Worldwide enterprise established in 1951 with 3,500 employees and more than 25 manufacturing plants in North America and across Europe. IKO Manufacture and Distribute Roofing, Waterproofing and Insulation solutions to more than 96 countries around the globe. IKO's continued investment ensures that we can provide you with roofing and waterproofing solutions that meet increasingly stringent performance and design requirements.
